

### **Travel Advisory to Kenyan Nationals in Thailand**

Following the outbreak of armed conflict between Thailand and Cambodia on June 24, 2025, Kenyan nationals residing in Thailand are advised to exercise heightened caution, particularly in provinces bordering Cambodia such as Surin, Si Sa Ket, and Ubon Ratchathani. Further, Kenyans residing in Cambodia in areas close to the Thai border, where fighting is ongoing should take extra care. The conflict has involved exchanges of rocket fire, artillery shelling, and Thai airstrikes, resulting in multiple civilian casualties and widespread disruption to local infrastructure.

All land border crossings between Thailand and Cambodia have been officially closed by the Thai government until further notice, and movement within border areas is heavily restricted. Kenyan nationals are strongly advised to avoid all non-essential travel to the border regions and those in the border provinces to evacuate to safer areas. Please look out for each other and assist where necessary.

The Embassy of Kenya in Bangkok urges all Kenyan citizens to stay informed through credible news sources and to follow the instructions of local Thai and Cambodian authorities during this period of heightened tension. Citizens are advised to register with the Kenyan Embassy and ensure that their contact details are up to date to receive timely updates and emergency instructions and assistance.

In the event of an emergency, Kenyan nationals can reach the Embassy through the 24-hour emergency hotline **0990745752** or via official email **kenyaembassybangkok@yahoo.com** or **bangkok@mfa.go.ke** and for those who are already active in our official WhatsApp communication channels, feel free to use them.
